Al-Fateh Systems

www.alfateh-sa.com

ABOUT US

Al Fateh Systems is a professional service provider in laboratory turnkey solutions, we offer concept to commissioning package of work in compliance with all international standards. We do also provide consultancy for laboratory design for effective work flow to achieve the best practices of the laboratory in high standards.

Our best servicemen's has 20 years of industry experience with highly skilled technical background. Al Fateh is the leading choice of partner by our customers.

Engineering & Contracting Services

- Centralised Gas & Chemical Handling Systems
- Laboratory Furniture Fume Hoods
- MEP Services
- Laboratory Ventilation / Exhaust System
- DI & RO Water Piping Systems
- Raw Water & Chilled Water Piping Systems
- Gas Leak Detection Systems

- Laboratory Design & Consultancy
- Gas Filling Station Industrial / Specialty Gases
- Industrial Automation (Light & Heavy)
- Lab Equipment's GC, Analyzer.
- Gas Purification Systems
- Cryogenic Projects
- NDT - Helium Leak Detection Services

Our Vision

To be a leading service provider in the industry of petrochemical, oil & gas, R&D laboratories.
To be the most preferred turnkey partner in Pharma projects in the MENA region.

Our Mission

Being young team cadre's we maintain highest integrity & our client excellence.
Be the best partner for best product maker around the globe to serve the esteemed customers in the MENA region.

INDUSTRIES WE SERVE

Research & Educational Institutes

Gas Manufacturing & Gas bottling

Food & Dairy

Marine

Petrochemical

Steel & alloys

Oil & Gas

Pharmaceutical

Agriculture & Veterinary

Power & Water Treatment Plants

Mining & Minerals

Solar Batteries & Semi Conductor

Types Of Labs We Deal With

Organic & Non-organic Labs

Chemical Labs

Biology & Micro biology Labs

Virology & NMR Labs

Bio safety Labs

Animal House Labs

Kilo Labs

Forensic Science Lab

Core Labs

Building Material testing Labs

Textile Testing Labs

Safety equipment testing Labs

3D Design Labs

Solar Cells Labs

Water Labs

Oil & Lubricants Labs

Gas Labs

Marine Animals Lab

Product Exclusivity

High-quality gas analyzers for industry. Chief among our customers are natural and industrial gas producers and their distributors, utilities, chemical and petrochemical companies and the makers and users of ultra-high-purity gas.

Rack Mount Instruments	Transmitters	Portable Instruments	Speciality Application
AquaVolt 2	Accupoint 2	Water Boy 2	Iceman
AquaVolt+	Accupoint LP2	Water Boy LP2	NastyBoy
Tracer 2+	Uber M-I		MedOx

Joint Analytical Systems GmbH (JAS)

JAS specializes in innovative systems and customized solutions for a wide range of applications in any field of analytic., manufactures a broad range of GC and LC based products as well as lab automation and process equipment. JAS provides advanced chemical analysis products and manufactures a broad line of GC- and HPLC-focused systems, as well as lab automation and process solutions.

Atomic Emission Detector

AED III High Resolution (HR)
AED III Wide Range (WR)

Gas Analyzer

refinery gas analyzer: - Mach-RGA
natural gas analyzer: - JAS NGA
oxygenate analyzer
SimDis analyzer

Accessories: -

Universal Injection System (UNIS)
Gas Bag Sampler (GBS)
Gas Injection Control Unit (GICU)
CryoTrap
Preparative Fraction Collector (EzPrep)
olfactometer

Product Exclusivity

Ion Exchange, a pioneer in water treatment., enabling it to offer comprehensive solutions for various sectors, including industries, hotels, homes, offices, communities & laboratories. Distinguished by its cutting-edge application laboratory, research and development center. One of Ion Exchange's latest advancements is the Indian LabQ range water purification system designed to produce multiple grades of pure & ultra-pure water for routine & critical laboratory applications

YUYANG INDUSTRIAL CO., LIMITED
China Manufacturer of Fire Testing Equipment

We are a high-tech enterprise which is specialized in developing and manufacturing Fire Testing Equipment, Building Material Fire Tester, Wire and Cable Fire Tester, Environmental Test Chamber, Textile Testing Equipment, Toys Testing Equipment and etc.

YUYANG's testing equipment are widely used in various field: scientific institutions, colleges, inspection institutions, auto parts, electronics, electricals, lithium battery, LED, photoelectricity, mobile, plastic and rubber, display, telecommunication, chemical industry, aerospace, building material and product, wire and cable, toys, furniture, textile and fabrics, etc.

Product Exclusivity

The LifeGuard Safety Hose technology is revolutionizing the fluid transfer industry by providing the preeminent safe hose technology while fostering continuous improvement to safety, protection of human health and the environment. Hoses are designed to eliminate the consequences of the hazardous effect of a drive-away, coupling separation, hose rupture or failure during fluid or gaseous transfer operations.

LifeGuard Safety Hose- Fill Plant Hoses

LifeGuard Safety Hose- Bundle Filling Hoses

PTFE High Pressure Hose

Metal Pigtails

PTFE Acetelyne Hose

Tri-Bolt Metallic CO2 Hose

Flexible Rubber Safety Pigtails

LifeGuard Self Assembled Safety Hose

LifeGuard Lifeline Fittings

LifeGuard™ 1/2" 3650 PSI ETFE (TEFZEL) Bundle/Trailer Hoses

Tri-Bolt Breakaway Metallic Dual Service LPG/NH3 Hose

Tri-Bolt Breakaway LPG Hoses

Tri-Bolt Breakaway Rubber SS NH3 Hose

Tri-Bolt Breakaway Rubber Textile NH3 Hoses

Tri-Bolt Breakaway Chemical Hoses

Tri-Bolt Breakaway Bulkhead Units

LPG/CNG Autogas Hoses

Carousel Filling Hose

VIGOUR®

Wir bieten Lösungen für Ihre Ideen!
We offer solutions regarding your ideas!

HPS Vigour Singapore, a leading name in the field, provides Superior Gas Control & Delivery Solutions customized for diverse industries and critical applications. With a steadfast commitment to precision and reliability, our cutting-edge systems ensure optimal gas management, safeguarding operations in sectors ranging from healthcare to manufacturing and beyond.

High Purity Systems

1. Pilot Operated Pressure Regulators
2. High pressure self-venting Regulators
3. Pressure Control Panels
4. Tapping Points
5. Extensions & Mounting Station
6. Purge Assemblies
7. Alarm Systems
8. Tube Fittings / Cylinder Conne
9. Accessories

Ultra High Purity Gas System

1. Regulators
2. Diaphragm Valves
3. Gauges

Industrial Gas Supply System

1. Regulators
2. Gas Terminals
3. Pressure Control Panel
4. Type Manifolds

Product Exclusivity

BROEN-LAB

BROEN-LAB has products for professional laboratories, universities, the educational sector, and various industries. BROEN-LAB has all types of Laboratory fittings and emergency shower systems. BROEN-LAB's field of expertise is flow control in laboratories and industrial locations, and our focus is development and manufacturing of premium laboratory solutions and emergency shower systems. Our products cover various media types: Water, special water, burning, technical and high purity gases.

LABORATORY ITEMS

TAPS

1. Water taps – optimized for use in laboratories
2. Special water – the right solution for your laboratory
3. Sensor Tap

Regulator

1. 2.0 gases – designed to match your needs
2. 5.0 gases – ultrasonically cleaned components for a safe lab
3. 6.0 gases - don't compromise the design of your lab

Emergency shower System

1. Body showers – rinse the whole body effectively
2. Eye/Face showers – immediate relief when eyes are injured
3. Combined showers – get damage control for body, eyes and face in one solution
4. Frost-protected and heated showers – avoid cold shocks with heated water

Valves

1. Technical gases – clear indication of media to avoid mistakes
2. Burning gases – the safe option for any laboratory
3. Vacuum – one valve, one design

Eyewash & Showers * Waste Water Management system * Installation and Maintenance Services

Product Exclusivity

CPV Manufacturing is a globally renowned manufacturing company and industrial valve supplier for more than 100 years, we've specialized in manufacturing high-quality valves, high pressure couplings, O-seal valves, and fittings for many industries, including the petrochemical, industrial gas, and ship building industries.

VALVES

1. Master Valves
2. Control Valves
3. Relief Valves
4. Check Valves
5. Actuated (Needle) Valves
6. Actuated (Shutoff) Valves
7. Instrument Valves
8. Needle Valves
9. Shutoff Valves
10. Stop-Check Valves

FITTINGS

1. Direct Weld[®] Fittings
2. Instrument Fittings
3. Mark VIII[®] Fittings
4. O-SEAL[®] Fittings

GD Waldner, we create spaces conducive to innovations that pave the way for future of healthcare, science, nutrition, education, and industry. From design and installation to maintenance and repairing services - we provide a complete range of turnkey lab solutions tailored to a wide range of industries including but not limited to pharmaceuticals, biotechnology, chemicals, healthcare, and education.

Laboratory Fume Hoods

1. SI 3 – Comprehensive Safety and Energy Efficiency
2. Secuflow Laboratory Fume Cupboards
3. New Fume Hood

Laboratory Furniture Products

1. LABORATORY CABINETS
2. Laboratory Benches and Sinks
3. Service Modules
4. Supply and Waste Disposal Systems

Filling and sealing machines process systems

1. Systems and skids
2. Container construction
3. Isolators
4. Drying systems
5. Cooking systems
6. Containers
